Reading comprehension

Read the following passage then answer the following questions . (5.points)

Because deaf people cannot hear , they have special ways of communicating. One way is lip reading. With training ,people can learn to understand what someone is saying by looking at the mouth of the speaker. Speaking is possible but difficult for the deaf . Because they cannot hear their own voices ,It takes a lot of training to be able to make the correct sounds ,and not all deaf people can get the hang of this skill .But , the way of communicating that deaf people all around the world seem to think is the most practical is sign language.

The signs are formed with movements of hands ,face, and body. As with words, each sign has a different meaning .Signs are combined to form sentences. The alphabet of sign language is hand signs that stand for letters ; they make spelling possible .So deaf people can express their thoughts and feelings. Lastly it is good to remember that most people do not think of themselves as different from other people , and you don't have to either! **True or False**

26. If you get the hang of something ,you learn to do it well.
27.The alphabet of sign language stands for words.
28. The most practical way of communicating that deaf people use is lip reading.

Answer these questions .

- 29.Why do deaf people use special way of communicating ?
30. Is it possible for deaf people to speak ?
